Cross-sectional Height:

Between 0.205 inches and 0.215 inches

Center Hole Diameter:

Between 7.180 inches and 7.270 inches

End Application:

Rq-4a

Product Name:

Packing, preformed - ams 7280, 'o'ring

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ams 7280 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
