Cross-sectional Height:

Between 0.114 inches and 0.122 inches

Center Hole Diameter:

1.250 inches

End Application:

Rq-4a

Product Name:

Rubber, flurosilicone elastomer, oil- and fuel resistant, o-rings, class 1, grade 60

Special Features:

This is made of rubber, flurosilicone elastomer, oil- and fuel resistant, o-rings, class 1, grade 60 materia

Material:

Rubber fluorosilicone class fq

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
