End Application:

4 in by 6 in valve, angle relief; cvn77 ship

Hardness Rating:

70.0 shore durometer a

Material:

Rubber fluorocarbon class fpm

Material Specification:

Sae ams 3216g assn standard single material response and sae ams 3218c assn standard single material response and sae ams 7259d assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
