Cross-sectional Height:

0.125 inches

Center Hole Diameter:

1.000 inches

End Application:

Valve, regulating, fluid pressure

Hardness Rating:

90.0 shore durometer a

Special Features:

This is a as-568-14 item, per mfr;

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
