Cross-sectional Height:

Between 0.069 inches and 0.075 inches

Center Hole Diameter:

Between 0.409 inches and 0.419 inches

End Application:

C-17 aircraft

Product Name:

O-ring

Special Features:

High temperature o-ring

Material:

Rubber silicone class q

Material Specification:

Zz-r-765 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
