Cross-sectional Height:

Between 0.205 inches and 0.215 inches

Center Hole Diameter:

Between 11.910 inches and 12.040 inches

End Application:

Mk16mod0, underwater breathing apparatus (nsw)

Material:

Rubber ethylene-propylene class epm or rubber ethylene-propylene-diene class epdm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
