Cross-sectional Height:

0.139 inches

Center Hole Diameter:

1.609 inches

End Application:

F16 aircraft; emergency power unit system maintenance panel assembly

Hardness Rating:

70.0 shore durometer a

Special Features:

Oil and fuel resistant

Color:

Blue

Material:

Rubber fluorosilicone class fq

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
