**Cross-sectional Height:**

0.103 inches

**Center Hole Diameter:**

0.612 inches

**End Application:**

Hatch dog set handles, apu engine compartment

**Special Features:**

Polytetrafluoroethylene coated o-ring, reference data literature: (64747) door assembly parts list 990-2506000, pg 2 of 6, find no.42

**Material:**

Rubber butadiene-acrylonitrile class nbr

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A510x0
