Cross-sectional Height:

Between 0.100 inches and 0.106 inches

Center Hole Diameter:

Between 1.162 inches and 1.186 inches

End Application:

Light, underwater portable search

Hardness Rating:

70.0 shore durometer a

Special Features:

Fits sunlight 4, sunlight 6, and ek 300 flashlights

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
