Between 0.067 inches and 0.073 inches

Center Hole Diameter:

Between 0.730 inches and 0.748 inches

End Application:

Valve, linear, directional control

Hardness Rating:

90.0 shore durometer a

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
