Cross-sectional Height:

Between 0.100 inches and 0.106 inches

Center Hole Diameter:

Between 9.682 inches and 9.792 inches

Product Name:

(inavy)packing, preformed

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Sae ams-p-83461/1 assn standard single material response

Specification Data:

81349 - mil-p-83461b notice 3/canceled/ government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
