Cross-sectional Height:

0.139 inches

Center Hole Diameter:

13.984 inches

End Application:

Mtpn-53 150 ton single stage turbo compressor

Product Name:

Seal, O-ring as 568-280

Material:

Rubber fluorocarbon class fpm

Material Specification:

Viton-a mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
