Cross-sectional Height:

0.312 inches

Center Hole Diameter:

32.360 inches

End Application:

Seal, prop shaft

Product Name:

Inavy: packing; drawing: o-ring

Special Features:

Per drawing, type is nonstd

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Mil-g-21610. Ty-1 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0

Mil-std (military Standard):

Mil-g-21610 spec.
