Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 9.179 inches and 9.289 inches

End Application:

An/aqs-24a

Hardness Rating:

70.0 shore durometer a

Material:

Rubber ethylene-propylene-diene class epdm

Material Specification:

Cagec 02697.E0603 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
