Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 5.574 inches and 5.646 inches

End Application:

Msm series multi-turn actuator

Hardness Rating:

70.0 shore durometer a

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510x0
