Cross-sectional Height:

0.275 inches

Center Hole Diameter:

21.955 inches

Hardness Rating:

90.0 shore durometer a

Material:

Rubber fluorocarbon class fpm

Material Specification:

Sae-as3581 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510x0
