Cross-sectional Height:

0.210 inches

Center Hole Diameter:

1.975 inches

End Application:

Adapter plate assembly

Hardness Rating:

70.0 shore durometer a

Material:

Rubber ethylene-propylene-diene class epdm

Material Specification:

Fscm 02697 e0803-70 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
