Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 9.679 inches and 9.789 inches

End Application:

2 inch asme b16.5 class 150 flanged aeroflow, 10 inch double acting piston actuator

Hardness Rating:

70.0 shore durometer a

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
