Cross-sectional Height:

Between 0.269 inches and 0.281 inches

Center Hole Diameter:

Between 9.420 inches and 9.530 inches

End Application:

2 inch asme b16.5 class 150 flanged aeroflow 10 inch double acting piston actuator

Hardness Rating:

70.0 shore durometer a

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
