Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 3.956 inches and 4.012 inches

End Application:

Valve, relief

Product Name:

O-ring

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ams 7259 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
