Cross-sectional Height:
Between 0.135 inches and 0.143 inches
Center Hole Diameter:
Between 3.956 inches and 4.012 inches
End Application:
Valve, releif
Product Name:
O-ring
Material:
Rubber fluorocarbon class fpm
Material Specification:
Ams 7259 assn standard single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiia:
