Center Hole Diameter:

Between 7.80 millimeters and 8.20 millimeters

Product Name:

O-ring

Special Features:

Width: 1.50mm +/- .08mm, port thread: m10x1, operating temperature range: -35 degree c to +120 degree c, hardnessa70 - 90.

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
