Cross-sectional Height:

0.42 inches

Center Hole Diameter:

0.25 inches

Product Name:

Sae straight thread port o ring 3-904 n0552

Special Features:

N0552 standard nbr nitrile 90 durometer oring for 3-904

Material:

Rubber butadiene nitrile

Material Specification:

N0552 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
