Tube Outside Diameter For Which Designed:

0.545 inches

Overall Diameter:

0.750 inches

Design Type:

Friction

Inside Diameter Length:

0.310 inches

Round Cap Outside Surface Condition:

Knurled

Material:

Aluminum alloy

Material Specification:

Qq-a-225/5, alloy 2017, t4 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A539k0
