Tube Outside Diameter For Which Designed:
0.545 inches
Overall Diameter:
0.750 inches
Design Type:
Friction
Inside Diameter Length:
0.310 inches
Round Cap Outside Surface Condition:
Knurled
Material:
Aluminum alloy
Material Specification:
Qq-a-225/5, alloy 2017, t4 federal specification single material response
Surface Treatment:
Anodize
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A539k0
