Hole Diameter:

Between 0.200 inches and 0.360 inches

Special Features:

Color, black

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8, t651 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2, class 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A264a0

Mil-std (military Standard):

Mil-a-8625 spec.
