Tube Outside Diameter For Which Designed:

6.562 inches

Overall Diameter:

6.875 inches

Design Type:

Friction

Inside Diameter Length:

0.694 inches

Round Cap Outside Surface Condition:

Smooth

Material:

Rubber

Material Specification:

Mil-std-417, type s, class sc, grade sc 715 military standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0

Mil-std (military Standard):

Mil-std-417 spec.
