Overall Length:

1.469 inches

Flange Thickness:

0.165 inches

Overall Width:

1.438 inches

End Application:

Telescope f10512983

Design Type:

Flange

Special Features:

Color white; flange bent 29 degrees across width 0.938 lg; two holes 0.209 diameter 0.750 c-to-c 0.141 from long edge x 0.360 from w edge

Material:

Steel comp 304

Material Specification:

Qq-s-766, class 304 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A536n0
