Stock Diameter:

0.135 inches

Inside Length:

2.000 inches

Distance Between Ends:

0.500 inches

Handle Clearance:

1.000 inches

Material:

Steel comp 1010 and steel comp 1015 and steel comp 1018 and steel comp 1020

Material Specification:

Qq-w-461, aisi 1010 federal specification 1st material response and qq-w-461, aisi 1015 federal specification 2nd material response and qq-w-461, aisi 1018 federal specification 3rd material response and qq-w-461, aisi 1020 federal specification 4th material response

Surface Treatment:

Zinc

Style Designator:

Oval open

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A250a0
