Center To Center Distance Between Mounting Facilities Parallel To Length:

2.400 inches

Center To Center Distance Between Mounting Facilities Parallel To Width:

1.160 inches

Overall Height:

0.250 inches

Material Thickness:

0.031 inches

Mounting Hole Diameter:

0.161 inches

Base Width:

1.660 inches

Sealing Method:

Compression

Body Outside Diameter:

0.960 inches

Body Height:

0.150 inches

Baselength:

2.780 inches

Opening Inside Diameter:

0.060 inches

Special Features:

Two additional mounting holes 0.120 in. Centers on length

Material:

Rubber synthetic body

Style Designator:

Thru-hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02000
