Casehardening Indicator:

Not casehardened

Width:

0.375 inches

Overall Height:

Between 0.907 inches and 0.969 inches

Stock Diameter:

0.063 inches

Material Hardness Rating:

Between 45.0 rockwell c and 55.0 rockwell c

Material:

Steel, aisi 1065 and steel, aisi 1095 or steel, sae 1065 and steel, sae 1095

Material:

Steel comp 1065 and steel comp 1095 or steel comp 1065 and steel comp 1095

Material Specification:

Aisi 1065 assn standard 1st material response and aisi 1095 assn standard 2nd material response and sae 1065 assn standard 3rd material response and sae 1095 assn standard 4th material response

Surface Treatment:

Cadmium and zinc

Style Designator:

Pin

Surface Treatment:

Cadmium and zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-a
