Thread Length:

0.086 inches left internal (includes through thread)

Length:

0.406 inches

Width Across Flats:

0.160 inches

Special Features:

Headless

Material:

Copper alloy 360

Material Specification:

Qq-b-626, comp 22 federal specification single material response

Surface Treatment:

Nickel

Style Designator:

Left internal thread

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A08900
