Environmental Protection:

Abrasion resistant and accelerated aging resistant

End Type:

Both w/attachments

Hook Quantity:

1

Hook Material:

Steel, corrosion resisting

Ring Material:

Steel, corrosion resisting

Hook Style Designator:

Pivot snap

Hook Connection Type:

Nonswiveling

Fastened Hook Feature:

Included

Hook Fastening Method:

Snap fastener

Ring Shape:

D

Fastened Ring Feature:

Included

Ring Fastening Method:

Sewed

Ring Location:

Approx 1-1/2 in. From end

End Attachment/fastening Facility:

Ring and stud snap

Color:

Any acceptable

Material:

Nylon, mil-w-27265, class I

Material:

Plastic polyhexamethylene adipamide

Material Specification:

Mil-w-27265, class I military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T372-b

Mil-std (military Standard):

Mil-w-27265 spec.
