Width:

Between 5.310 inches and 5.380 inches

Mounting Hole Quantity:

2

Action Type:

Gravity

Operation Method:

Lever on outside latch bolt

Special Features:

Both mtg holes have 0.190-32 nf-2b cres thd inserts; semi-gloss epoxy paint, except mtg surfaces; working strength 1333 lbs and 2000 lbs ultimate strength; 0.032 in. Diameter safety lock wire hole; hole diameter: 0.190 in.; case shape: rectangular; hole spacing: 3.930 in. Min 4.000 in.Max to cto c; case thickness: 0.550 in.Min 0.570 in.Max

Height:

Between 1.850 inches and 1.900 inches

Material:

Aluminum case

Surface Treatment:

Paint case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10600
