Diameter:

Between 0.251 inches and 0.252 inches

Length:

Between 1.804 inches and 1.812 inches

Cross-sectional Shape:

Round

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/8 federal specification single material response

Surface Treatment:

Anodize

Style Designator:

Internally threaded full length

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08900
