Tube Outside Diameter For Which Designed:

0.875 inches

Overall Diameter:

1.705 inches

Design Type:

Friction

Inside Diameter Length:

1.625 inches

Round Cap Outside Surface Condition:

Smooth

Material:

Aluminum alloy

Material Specification:

Qq-a-359, type 1, temp a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0
