Overall Height:

0.1375 inches

First Step Diameter:

0.6250 inches

Bore Diameter:

0.2500 inches

Design Type:

Solid

End Diameter:

Between 0.4950 inches and 0.5050 inches

Distance From End To First Step:

0.1250 inches

Special Features:

Matl-alum. Alloy qq-a-250/8; not casehardened

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 1 military specification single treatment response

Surface Treatment:

Anodized, mil-a-8625, type 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-e

Mil-std (military Standard):

Mil-a-8625 spec.
