**Hole Diameter:**

0.219 inches

**Design Type:**

Loop engaging

**Operation Method:**

Lever on outside

**Hole Quantity:**

3

**Material:**

Steel comp 416 pin

**Material Specification:**

Qq-s-766 federal specification single material response body

**Surface Treatment:**

Passivate

**Style Designator:**

Lever with spring

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03100
