Hole Diameter:
0.219 inches
Design Type:
Loop engaging
Operation Method:
Lever on outside
Hole Quantity:
3
Material:
Steel comp 416 pin
Material Specification:
Qq-s-766 federal specification single material response body
Surface Treatment:
Passivate
Style Designator:
Lever with spring
Shelf Life:
N/a
Unit Of Measure:
<del></del>
Demilitarization:
<b>Demilitarization:</b> No
No
