**Cross Sectional Shape:**

Flat

**Width:**

3.320 inches

**Edge Shape:**

Rectangle, four holes

**Length:**

4.020 inches

**Body Thickness:**

0.090 inches

**Securing Device Type:**

Threaded fastener

**Mounting Opening Shape Style:**

Threaded hole

**Features Provided:**

Observation facility

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/11 federal specification single material response

**Surface Treatment:**

Paint

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531c0
