Inside Diameter:

0.750 inches

Major Diameter:

1.725 inches

Gripping Surface Condition:

Smooth

Overall Length:

6.750 inches

Outside Diameter:

1.725 inches

Effective Length:

5.440 inches

Shaft Length:

6.750 inches

Integral Shaft Style:

Serrated

Mounting Method:

Serrated shaft

Color:

Gray

Material:

Aluminum alloy 356.0

Material Specification:

Qq-a-601, alloy 356, t6 federal specification single material response

Surface Treatment:

Paint grip

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A250a0
