Diameter:

1.359 inches

Thickness:

0.125 inches

Machined Surface Finish:

Ground

Material:

Copper alloy

Material Specification:

Mil-b-16261, grade 3, class 2 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539r0

Mil-std (military Standard):

Mil-b-16261 spec.
