Spring Holder - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5340-00-201-1931

Usage Design:
Centers and positions spring
Attachment To Item Supported Method:
Press fit over 0.206 in. Diameter body of retainer
Supporting Object/surface Attachment Method:
Friction mounting of mating machined parts under spring compression
Material:
Steel
Material:
Steel
Surface Treatment:
Immunized
Fsc Application Data:
Gas turbine fuel control engine, aircraft
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T08100
