Cross Sectional Shape:

Flat

Width:

Between 0.370 inches and 0.390 inches

Mounting Hole Diameter:

Between 0.210 inches and 0.230 inches

Mounting Hole Quantity:

2

Distance Between Mounting Hole Centers:

Between 0.817 inches and 0.827 inches

Prebent Locking Feature Location:

All

Material:

Steel, ams 6350, comp 4130

Material:

Steel comp 4130

Material Specification:

Ams 6350, comp 4130 assn standard single material response

Surface Treatment:

Oxide

Surface Treatment:

Oxide, black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T319-c
