Material Thickness:

0.104 inches

Mounting Hole Diameter:

0.182 inches

Mounting Hole Quantity:

3

End Application:

W/s: mine countermeasures support (mcs) class (lph-12); aircraft, orion p-3; emory s. Land class as; forrestal class cv; missile, minuteman lgm-30

Reversible Feature:

Not included

Knuckle Quantity:

3

Slotted Leaf Length:

6.000 inches

Leaf Width:

1.875 inches

Fixed Leaf Length:

2.750 inches

Knuckle Type:

Friction

Material And Location:

Brass, qq-b-626, comp 11 pin and steel, federal standard 66, comp 410, 416 or 430 pin and steel, wrought body and steel, wrought staple plate and steel, qq-w-409, grade 2-canceled staple

Surface Treatment And Location:

Zinc, astm a153

Special Features:

Has a safety swivel staple style

Style Designator:

Single safety

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25100
