**Width:**

0.690 inches

**Material Thickness:**

0.037 inches

**Length:**

0.917 inches

**Prong Shank Width:**

0.270 inches

**Center To Center Distance Between Loop And Prong:**

0.190 inches

**Loop/holding Dimension:**

0.560 inches

**Prong/lip Length:**

0.470 inches

**Material:**

Steel comp 1050 or steel comp 1065

**Material Specification:**

Aisi assn standard all material responses

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03100
