Width:

0.690 inches

Material Thickness:

0.037 inches

Length:

0.917 inches

Prong Shank Width:

0.270 inches

Center To Center Distance Between Loop And Prong:

0.190 inches

Loop/holding Dimension:

0.560 inches

Prong/lip Length:

0.470 inches

Material:

Steel comp 1050 or steel comp 1065

Material Specification:

Aisi assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
