Cross Sectional Shape:

Flat w/open center

Length:

32.220 inches

Body Thickness:

1.220 inches

Securing Device Type:

Turnlock fastener

Special Features:

Designed for rh mtg application

Material:

Steel

Fsc Application Data:

Vehicular cab components

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
