**Hole Diameter:**

Between 1.501 inches and 1.503 inches

**Overall Diameter:**

3.750 inches

**Fork Span Width:**

1.625 inches

**Rod Connection Bore Diameter:**

Between 1.375 inches and 1.380 inches

**Rod Connection Bore Depth:**

Between 3.760 inches and 3.765 inches

**Distance From Pivot Pinhole Center To Rod Connection End:**

5.953 inches

**Fork Arm Thickness:**

1.062 inches

**Fork Depth:**

2.000 inches

**Material:**

Steel uns j03001

**Material Specification:**

Qq-s-681, 65-35 federal specification single material response

**Surface Treatment:**

Primer and enamel

**Surface Treatment Specification:**

Tt-p-636 federal specification single treatment response and tt-e-529, olive drab federal specification single treatment response

**Style Designator:**

Clevis

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A264a0
