Hole Diameter:

Between 0.201 inches and 0.206 inches

Width:

0.500 inches

Overall Height:

1.500 inches

Material Thickness:

0.062 inches

Length:

2.250 inches

Mounting Method:

Unthreaded hole

Distance From Loop Center To End:

0.750 inches

Loop Height:

0.340 inches

Material:

Steel

Material Specification:

Qq-s-700, comp 1074 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
